

Training

Life long learning is the key to survival and success in the new global marketplace. Training can be carried out to deliver short-term requirements, such as for behavioural improvement or for re-skilling of re-deployed people. Or it can be part of long-term planned programs for induction of new employees or preparing staff for job changes. Through effective and targeted training, individuals and organisations will be better equipped to handle the exciting challenges and onslaught of new knowledge ahead.

Leverage courses ensure that the people who work for your organization have the training that enables them to do their job with the right qualification. Our global learning and development solutions cover a wide range of industries and subject areas, providing expertise designed to help you and your organisation continually adapt the way you work and keep ahead of market developments. Whatever your level of knowledge, our experts support you in progressing your career. Wherever your organisation is in terms of development, we give you the knowledge to take it further.

Your benefits

- Achieve professional qualification based on internationally recognised framework and practices.
- Tailor made training programmes are developed based on your unique requirement.
- Gain knowledge from industry experts and highly experienced facilitators.
- Accredited certification provides you a global recognition.
- Training needs analysis to post training evaluation to ensuring optimisation of your training investments.

Solution

Leverage conduct learning needs analysis and post-training evaluation for clients interested in our in-house training programmes. This is to help clients align business needs and the talent upgradation targeted in specific and much needed areas to optimise their training investments. Our training programmes address critical business issues and assist people & organisations in improving performance and gaining new ground including our industry driven certifications and qualifications. Our programmes are developed in consultation with employers, industry associations and technical & management experts. Despite your location, company size or how unique your request is, we will always find a solution tailor made to your needs by offering :

- Customised corporate training
- Open house programmes
